

TaskRabbit Honored in Built In's 2022 Best Places To Work Awards

TaskRabbit Earns Five Placements on Built In's National and Regional Markets Lists

SAN FRANCISCO, January 5, 2022 — Built In today announced that TaskRabbit was honored in its 2022 Best Places To Work Awards. TaskRabbit earned a place on five Built In lists: [Best National Companies to Work For](#), [San Francisco's Best Places to Work](#), [San Francisco's Best Perks and Benefits](#), [San Francisco's Best Large Companies to Work For](#) and [Austin's Best Midsize Companies to Work For](#). The annual awards program includes companies of all sizes, from startups to enterprise, and honors both remote-first employers as well as companies in the eight largest tech markets across the U.S.

“The TaskRabbit team is thrilled to be recognized as a best place to work,” says Jessica Davila, Vice President, People at TaskRabbit. “As we continue to navigate the newfound changes around the future of work, we remain committed to fostering a healthy workplace environment where employees can thrive. We work to ensure that employees feel supported in their roles and career journeys, and most importantly, that they have access to critical resources to support their emotional and mental wellbeing in and out of work.”

Built In determines the winners of Best Places to Work based on an algorithm, using company data about compensation, benefits and companywide programming. To reflect the benefits candidates are searching for more frequently on Built In, the program also weighs criteria like remote and flexible work opportunities, programs for DEI and other people-first cultural offerings.

“It is my honor to extend congratulations to the 2022 Best Places to Work winners,” says Sheridan Orr, Chief Marketing Officer, Built In. “This year saw a record number of entrants — and the past two years fundamentally changed what tech professionals want from work. These honorees have risen to the challenge, evolving to deliver employee experiences that provide the meaning and purpose today's tech professionals seek.”

About Built In

Built In is creating the largest platform for technology professionals globally. Monthly, more than three million of the industry's most in-demand professionals visit the site from across the world. They rely on our platform to stay ahead of tech trends and news, develop their careers and find opportunities at companies whose values they share. Built In also serves 1,800 innovative companies of all sizes, ranging from startups to the Fortune 100. By putting their stories in front of our uniquely engaged audience, we help them hire otherwise hard-to-reach tech professionals, locally, nationally or remotely. www.builtin.com

About Built In's Best Places to Work
